

The Guided Storyboard Template

Chronological Life-Narrative Architecture Form

Map out a structured 12-page chronological narrative before initiating the e-commerce transaction and upload sequence. Organizing images within the prescriptive "People, Places, and Things" model ensures clinical coherence and stabilizes cognitive scaffolding.

Page	Pillar Type	Visual Topic Description	Memory Anchor Caption (Max 7 Words)
1	The People	Early childhood portrait / Individual subject focus	☐
2	The Places	Primary childhood home / Architectural integrity	☐
3	The Things	First personal automobile or milestone asset	☐
